Federal Grant Funds

CFSC federal grants are not free money (and you don't have to accept it).

A successful grant application is more than just a good project proposal.

Federal grants are subject to the applicable federal rules and regulations (2 CFR 200) and terms and conditions of the program.

This workshop is to assist you in how to write a competitive grant application while, also addressing all the rules and eligibility requirements of the grant program.

CFSC wants you to be prepared BEFORE submitting the application to receive and manage a federal grant.
