Acknowledgements
Funding for this grant program is provided by a grant from Edison International

California Fire Safe Council (CFSC) and Edison International/Southern California Edison (SCE) are pleased to announce a joint collaboration to provide grants to communities in Southern California Edison-serviced territories. The objective of this project is to provide small grants for community fire prevention and preparedness projects. Funding may be used to further enhance community projects such as: capacity building, community outreach/preparedness, and permit-ready hazardous fuel reduction projects. Successful projects are easy-start, easy-finish, with a simple closing report to document project success.

In addition, the CFSC Regional Coordinators and Communications Team will assist the grantee in the development of communication and media plans throughout the grant term.

Examples of projects may be in the following three priority areas:

Capacity Building
- Capacity building for new or emerging Fire Safe Councils.
- Organizational infrastructure and/or equipment.

Community Outreach/Preparedness
- Developing or acquiring fire safety educational publications.
- A community-area risk assessment to identify possible mitigation projects.
- Community workshops on Hardened Homes and/or Defensible Space.
- Help developing a CWPP after a community risk assessment is done.

Hazardous Fuel Treatment
- A chipper day or weekend for the community to chip brush and branches.
- Defensible space assistance for special needs populations.
- Permit-ready fuel treatments.
- Purchase of small equipment, such as chippers or chainsaws.

Other projects of this nature will be considered as well.

Funding Available:
Grant amount of $25,000 per application.

Program Eligibility:
Funded projects are required to be within SCE service-area boundaries. No individuals or for-profit entities may apply. Applicants are encouraged to collaborate with their local community-based Fire Safe Council or similar organization.

Timeline:
Call for applications: August 10, 2021
Final application deadline: September 8, 2021
All work is required to be completed and reports submitted by November 30, 2021.

To Apply: Login at https://cafiresafecouncil.org/grants-and-funding/apply-for-a-grant/ to create a new account and select “2021 Edison International Fire Safe Council Capacity Grants” grant program to begin.

SECTION 2
APPLICATION QUESTIONS
SCE Fire-Safe Community
Application Questions

Pre-Application Question

What county does your project serve?
*Projects must be located in the Southern California Edison service area.*

Application Questions

Organizational and Community Information

1. Please describe your county or organization’s history, structure and notable projects or accomplishments.

2. Organization Type:
   - Nonprofit Organization
   - Home/Property Owners Association
   - Non-federal Public Agency
   - Other

3. Applicant Organization Contact
   *Provide the name, title, Email address and phone number of your organization’s primary contact person. Also provide administrative contact information if different from the primary contact.*

4. Describe any prior experience applying for and/or managing private, state or federal grants.

5. What types of programs does your organization provide? Check all that apply:
   - Home hardening
   - Education
   - Fuels reduction
   - Defensible space
   - Other

6. Do you have a fiscal sponsor?
   - Yes
   - No
7. Fiscal Sponsor Organization type
   - Nonprofit Organization
   - Home/Property Owners Association
   - Non-Federal Public Agency
   - Other

8. Describe the Fiscal Sponsor’s prior experience managing private, state or federal grants.

9. Fiscal Sponsor Contact
   Provide the Fiscal Sponsor’s organization name, and the name, title, Email address and phone number of the Fiscal Sponsor’s primary contact. Also provide administrative contact information if different from the primary contact.

**Project Information**

10. Executive Summary/Abstract
    Provide a brief summary (2-3 sentences) of your proposed project.

11. Project Type
    Check all categories that apply to your project
    - Capacity Building
    - Community Outreach/Preparedness
    - Hazardous Fuel Treatments
    - Other

12. Describe your project.
    Please provide a specific description of your project and how it will be completed.

13. Provide detailed goals and objectives

14. Please describe the anticipated outcomes of your project

15. Project Location (within SCE service area)
    Enter the latitude and longitude of your project’s location. Your response must be in decimal format to six places, for example: 39.375097 Latitude and -122.54454 Longitude.

   _________________ Latitude
   _________________ Longitude

16. List the key individuals that will be working on this project, their titles, and roles.
17. Are the abovementioned key individuals: (check all that apply)
   □ Volunteers
   □ Employees
   □ Contractors
   □ Other:

18. If the project involves fuel reduction activities, include status of permits such as environmental and heritage protection and/or any local regulatory permits or approvals. (Technical assistance via consultation may be provided if necessary).

19. If your project includes fuel treatments, indicate how many acres will be treated.

**Work Plan**

*Work must be completed by November 30, 2021*
