California Fire Safe Council (CFSC) is pleased to announce 5 projects have been selected for funding for the 2021 Edison International Fire Safe Council Capacity Program. This opportunity was made available by joint collaboration between California Fire Safe Council (CFSC) and Edison International/Southern California Edison (SCE) to provide grants to communities in Southern California Edison-serviced territories.

CFSC approved $125,000 in Southern California Edison Service area, awarding grant funds to support wildfire risk reduction projects in at-risk communities in 5 counties across California.

The objective of this project is to provide small grants for community fire prevention and preparedness projects. Funding may be used to further enhance community projects such as: capacity building, community outreach/preparedness, and permit-ready hazardous fuel reduction projects.

Awarded Projects may include:

**Capacity Building**
- Capacity building for new or emerging Fire Safe Councils.
- Organizational infrastructure and/or equipment.

**Community Outreach/Preparedness**
- Developing or acquiring fire safety educational publications.
- A community-area risk assessment to identify possible mitigation projects.
- Community workshops on Hardened Homes and/or Defensible Space.
- Help developing a CWPP after a community risk assessment is done.

**Hazardous Fuel Treatment**
- A chipper day or weekend for the community to chip brush and branches.
- Defensible space assistance for special needs populations.
- Permit-ready fuel treatments.
- Purchase of small equipment, such as chippers or chainsaws.
## 2021 Selected Projects

**SCE Wildfire Ready & Resilient Grant**
